

OK, so we all know the Naruto series is the best of all time and has tons of fans worldwide. Now that there was a new release in the latest version, called Naruto Shippuden: Ultimate Ninja 5 (sounds cool), people who haven't played this game before or completed it on their previous systems want to play again on xbox360 but had difficulties finding help with saving and loading games. Well now that that's been said, I'm going to share with you some solutions to save your game and load your game on PCSX2. I have recently finished my playthrough for this awesome series so I will guide you through the specific steps for this great game. That's right, a great title with a specific guide for how to fix the issues so if you do not know what the actual issue is then read on till the end of the article and I will tell you what exactly is happening. Scenario: "I completed Chapter 1, Mission 1 of Naruto Shippuden: Ultimate Ninja 5 (Naruto Shippuden: Ultimate Ninja 5) and can't load my save data anymore. What can I do?" Fix: "You forgot to save your game again after completing the first mission, just like I did." Step 1: Download Pcsx2 V0.9.8 (Recommended) or V1.01 for this game (Also Recommended) off of the following link: http://www.mediafire.com/download/p3t6r8rtq1k3n7/PCSX2_PCH_0_9_8_V09_8.rar Option 2: Download PCSX2 V1.0.0 off of the following link: http://www.mediafire.com/download/7m35f24rv2w6b/PCSX2_V1_0_0_V1.0.0_pcsx2-win32-binaries-only.7z. Unrar the file to your desktop for easy access. Step 2: Google "Naruto Shippuden Ultimate Ninja 5 Savegame" and download the save game to your desktop. Step 3: Put the pex2 pcsx2 ISO file in the same directory as where you extracted Pcsx2 to. If you did not extract it, then simply extract Pcsx2 to any folder on your computer. I use "C:\Program Files (x86)\PCSX2 0.9.8". Don't put the files in any special folders or sub-folders or else Pcsx2 will not run correctly and you will get an error message that reads "I..."
